- 2.** Chat Window
- 3.** Raise Hand

Welcome!

Meet our Panelists.

John Worst

Forest Grove High School
Forest Grove, OR

Faith Caplan

Cordova High School
Rancho Cordova, CA

Scott Cermak

Choices Charter School
Sacramento, CA

How do we **create opportunities** for deeper learning?

"The most challenging thing about implementing challenge-based learning in schools is changing the mindset of students and teachers."

Dawn Hennessy, Technology, Design, Innovation and Robotics teacher
at Carroll Magnet Middle School in North Carolina's Wake County Public School System

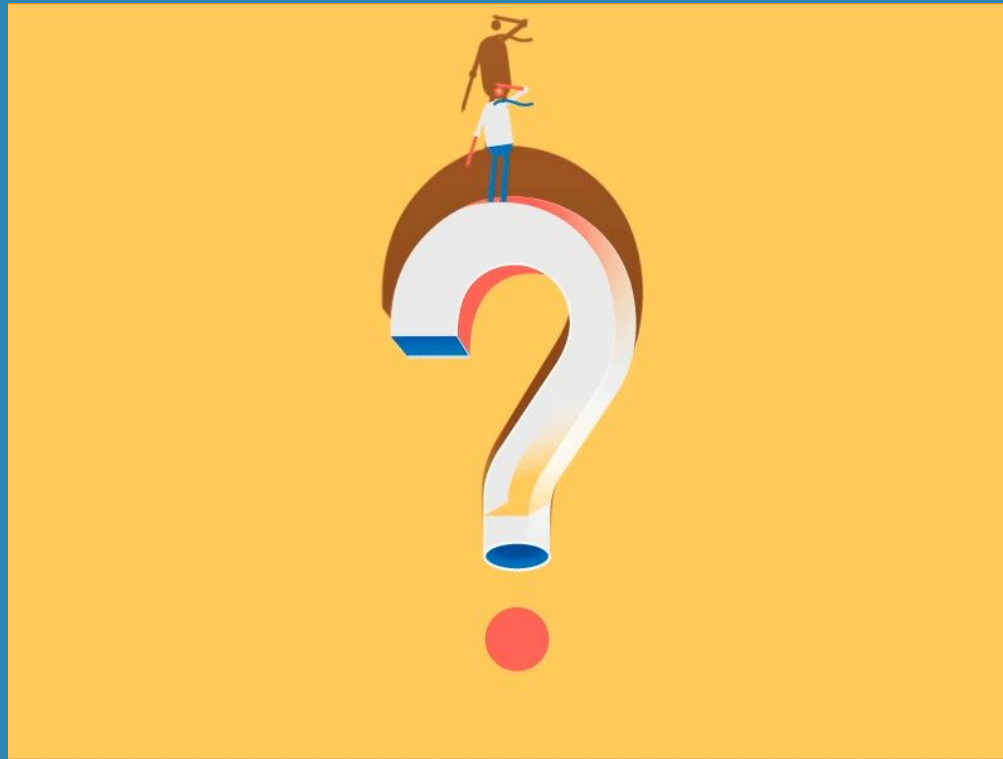

Does your school have a **STEM Mission?**

"Focusing on the right details in the beginning stages can help ensure the best outcomes for school districts looking to introduce a new STEM curriculum."

Alexander Slagg, 5 Steps to a Successful K-12 STEM Program Design
